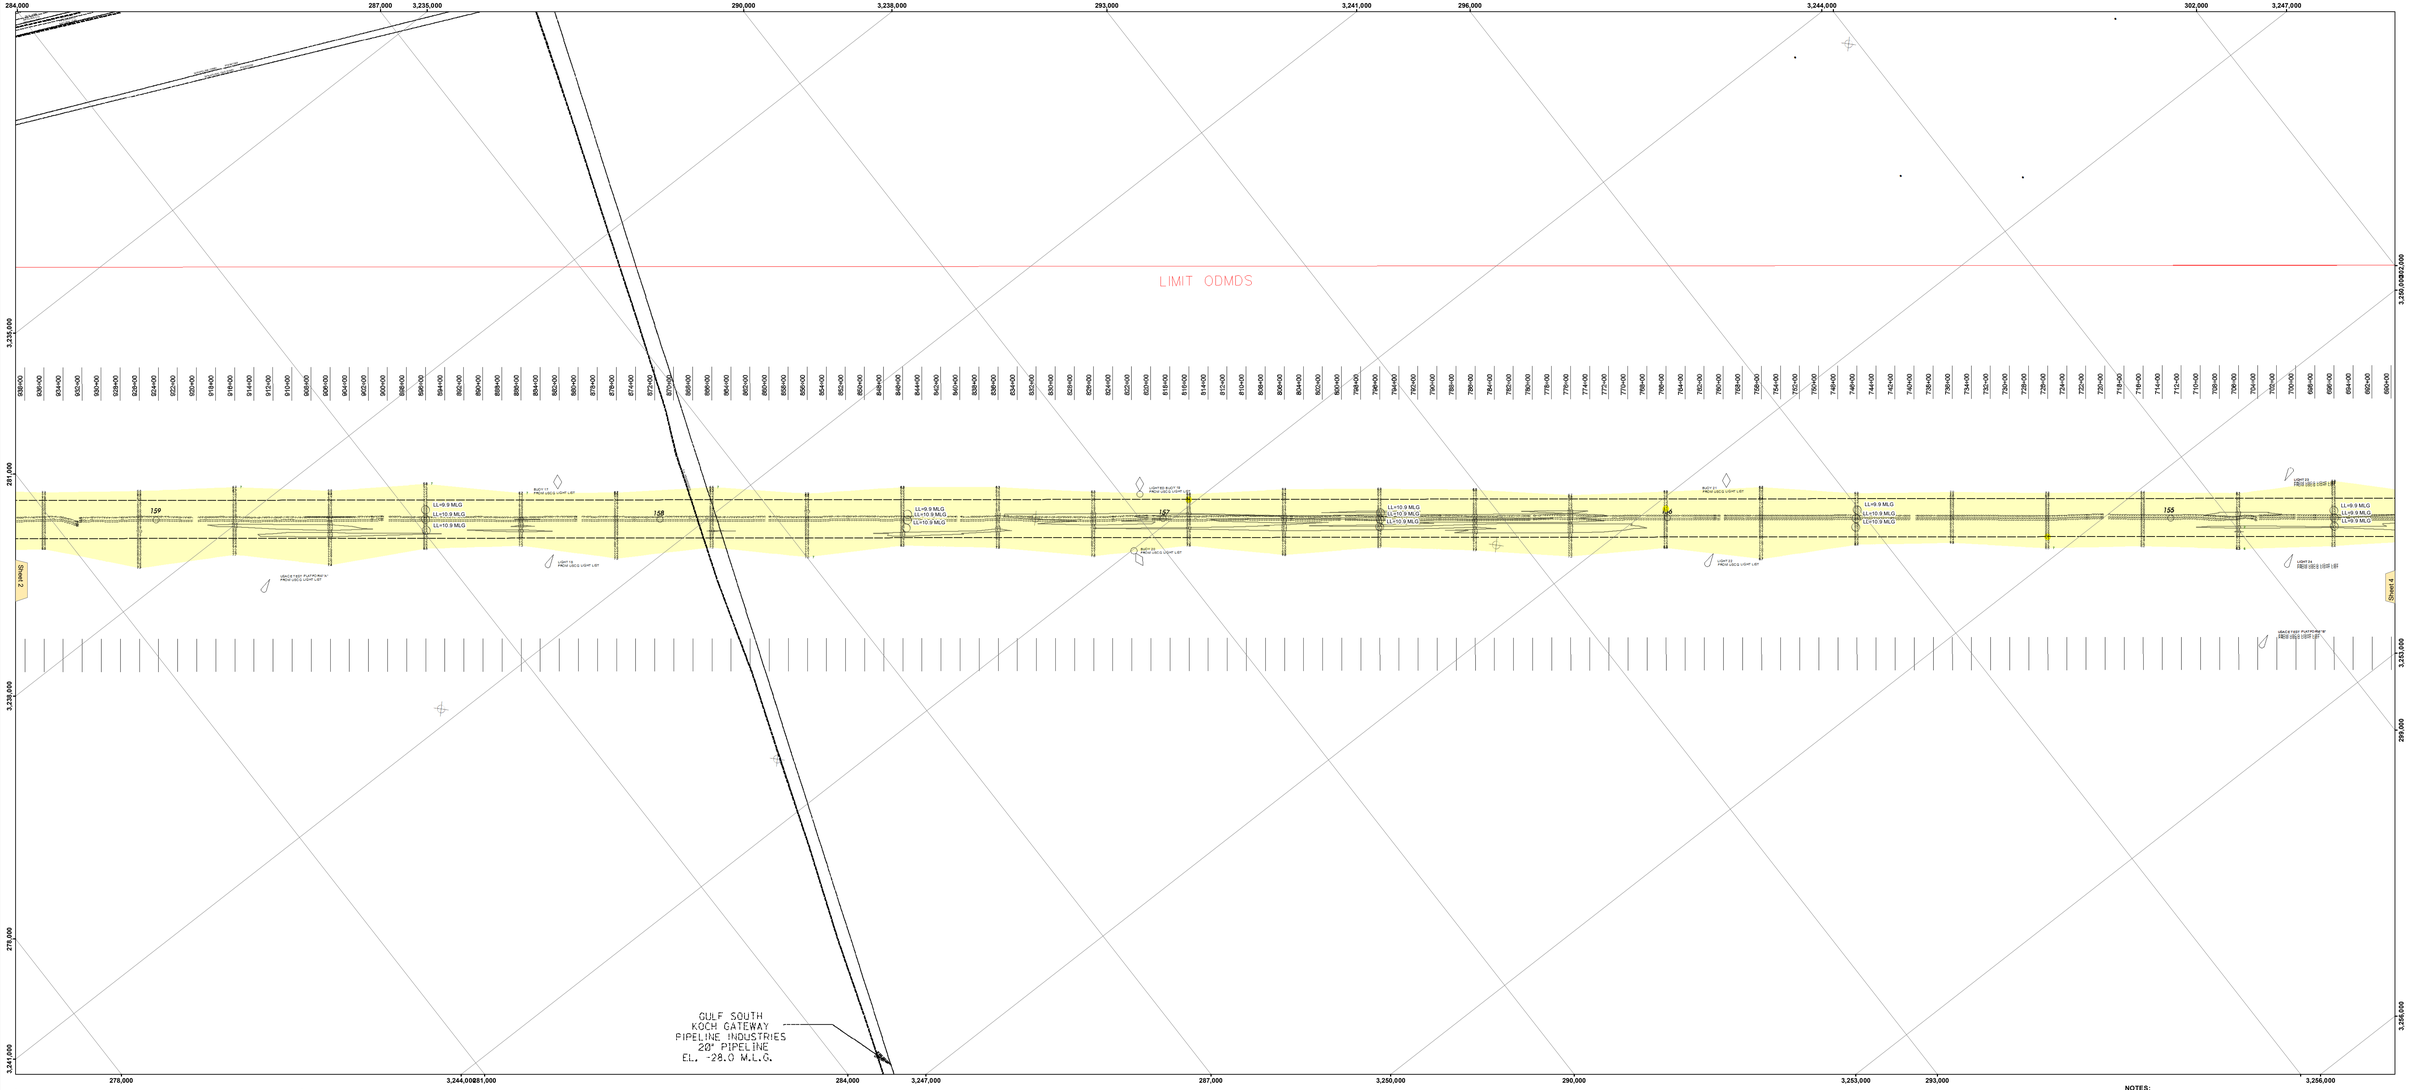
U.S. ARMY



US Army Corps of Engineers
District: CEMVN

Distribution Liability: The data represents the results of data collection and analysis performed by the U.S. Army Corps of Engineers, New Orleans District. The digital data are being distributed in a fully unrestricted, open-access manner. As such, the U.S. Government cannot attest to the data's accuracy, nor assume liability for any misinterpretation or misuse that may occur. Any use of any other application of the data for other than its intended purpose is at the user's risk.

Data Constraints: Hydrographic survey data is subject to change due to natural processes and human activities. Hydrographic data is only valid for several months following post-processing. The U.S. Army Corps of Engineers, New Orleans District does not guarantee the accuracy of the data beyond the date of the survey. Users are cautioned to contact the New Orleans District for the most recent survey information.
