

Distribution Liability: The data represents the results of data collection/processing for a specific US Army Corps of Engineers activity and indicates the general existing conditions. As such, the data is not necessarily accurate or complete for any specific application. The user is responsible for the results of any use of the data. The data is not intended for other than its intended purpose.

Data Conditions: Hydrographic survey data is subject to change due to several factors including but not limited to dredging activities, natural shoaling and scouring processes, changes in the hydrographic conditions which develop after the date of publication. This data is intended for U.S. Army Corps of Engineers use and shall not be used for navigation purposes.
