NAVIGATION BULLETIN NO. 24-143

GULF INTRACOASTAL WATERWAY
INNER HARBOR NAVIGATION CANAL (IHNC) LOCK

Effective immediately and continuing until further notice, there may be unplanned intermittent closures at Inner Harbor Navigation Canal (IHNC) Lock, at any time, due to the fluctuating reverse head conditions caused by low Mississippi River stages.

These closures will occur when reverse head conditions pose risks to the lock gates.

The Lockmaster, Richard McKinzie, can be reached at 504-945-2157. The point of contact with the New Orleans District is Jesse Adams at 504-862-1061.
