

US Army Corps
of Engineers
District: CEMVN

DISTRIBUTION LIABILITY: The data represents the results of data collection/processing of a specific US Army Corps of Engineers survey and is not to be used for navigation or engineering purposes. The user is responsible for the results of any application of the data or other than its intended purpose.

DATA CONSTANTS: Hydrographic survey data is subject to change rapidly due to several factors including but not limited to dredging activity and subsidence. The user is responsible for the latest hydrographic conditions which develop after the date of publication. This data is intended for U.S. Army Corps of Engineers internal use. Please contact the US Army Corps of Engineers if you have any questions.
