LWRP: 2.4
 Gage Reading: BR:11.3 DON:6.0 USED:10.8 NAVD
 Sea Conditions: SMOOTH
 Vessel Name: OB-189
 Survey Type: CS
 Sounding Frequency***: HIGH

NOTES:
 Horizontal Coordinate System:
 North American Datum of 1983 (NAD83), projected to the State Plane Coordinate System (SPCS), Louisiana South Zone. Distance units in U.S. Survey Feet.
 Vertical Datum:
 Soundings are shown in feet and indicate depths below Low Water Reference Plane 2007 (NAVD).
 Distances on the Mississippi River, above and below Head of Passes are shown at 1 mile intervals.
 The location of navigation aids are based on and provided by the U.S. Coast Guard and USACE crew.
 2015 Aerial Photography data source: NAIP, USDA-FSA-APFO Aerial Photography Field Office.
 Reference is N.O.A. Navigation Chart No. 11370.
 ** Shoalest Sounding per Quarter per Reach.
 *** High frequency (200 kHz) survey data represents the first signal return at a sounding location and will include suspended solids, known as "fluff", if present. Low frequency (20 kHz) survey data normally penetrates through this "fluff" layer to depict elevations of consolidated bottom material. Low frequency accuracies may vary depending on channel conditions and fathometer settings.

ACCESSORIES
 Access: Coastlines, The United States Government furnishes these data and the recipient accepts and uses them with the express understanding that the data are not to be used for any purpose other than that for which they were originally prepared. The user is responsible for the results, reliability, usability or suitability for any particular purpose of the data. The user shall not be held liable for any damage or injury under no liability whatsoever to any person by reason of any use made thereof. These data belong to the Government. Therefore the recipient may not be transferred, sold, leased, or otherwise disposed of these data to others without the written consent of the Army Corps of Engineers. The recipient shall not be held liable for any damage or injury under no liability whatsoever to any person by reason of any use made thereof. The information depicted on this map represents the results of a survey conducted on the ground. The recipient is not to be held liable for any damage or injury under no liability whatsoever to any person by reason of any use made thereof. The information depicted on this map represents the results of a survey conducted on the ground.
