NOTES:

Horizontal Coordinate System: North American Datum of 1983 (NAD83), projected to the State Plane Coordinate System (SPCS), Louisiana South Zone. Distance units in U.S. Survey Feet.

Vertical Datum: Soundings are shown in feet and indicate depths below Low Water Reference Plane 2007 (NAVD). Distances on the Mississippi River, above and below Head of Passes are shown at 1 mile intervals.

The location of navigation aids are base on and provided by the U.S. Coast Guard and USACE crew.

2015 Aerial Photography data source: NAIP, USDA-FSA-AFPO Aerial Photography Field Office.

Reference is N.O.A.A. Navigation Chart No. 11370.

** Shoalest Sounding per Quarter per Reach.

*** High frequency (200 kHz) survey data represents the first signal return at a sounding location and will include suspended solids, known as "fluff", if present. Low frequency (20 kHz) survey data normally penetrates through this "fluff" layer to depict elevations of consolidated bottom material. Low frequency accuracies may vary depending on channel conditions and fathometer settings.

DISTRIBUTION LIABILITY: The data represents the results of data collection processing of a specific U.S. Army Corps of Engineers activity and includes the general existing conditions as such. The United States Government makes no warranty, express or implied, regarding the quality of the data furnished. The user assumes responsibility for the results of its use. The user is responsible for the results of any use of the data furnished. The United States shall not be liable to the user under no liability whatsoever for any purpose to the user due to any use of the data furnished. The user agrees to indemnify the United States against all claims, demands, losses, damages, costs, expenses, and attorney's fees arising out of or resulting from the user's use of the data furnished. The information depicted on this map represents the results of a survey conducted on the date indicated and can only be considered up-to-date when the general condition existing at that time.
