Distribution Notice: The data represents the results of data collection processed for a specific U.S. Army Corps of Engineers activity and indicates the general existing conditions. As such, the data is not necessarily accurate or complete for any specific application. The user is responsible for the results of any use of the data for other than its intended purpose.

Data Constraints: Hydrographic survey data is subject to change due to several factors including but not limited to dredging activities and natural shoals and currents. The U.S. Army Corps of Engineers does not warrant the data for use in hydrographic conditions which develop after the date of publication. This data is intended for U.S. Army Corps of Engineers internal use and shall not be sold upon it.
