

US Army Corps of Engineers
District: CEMVN

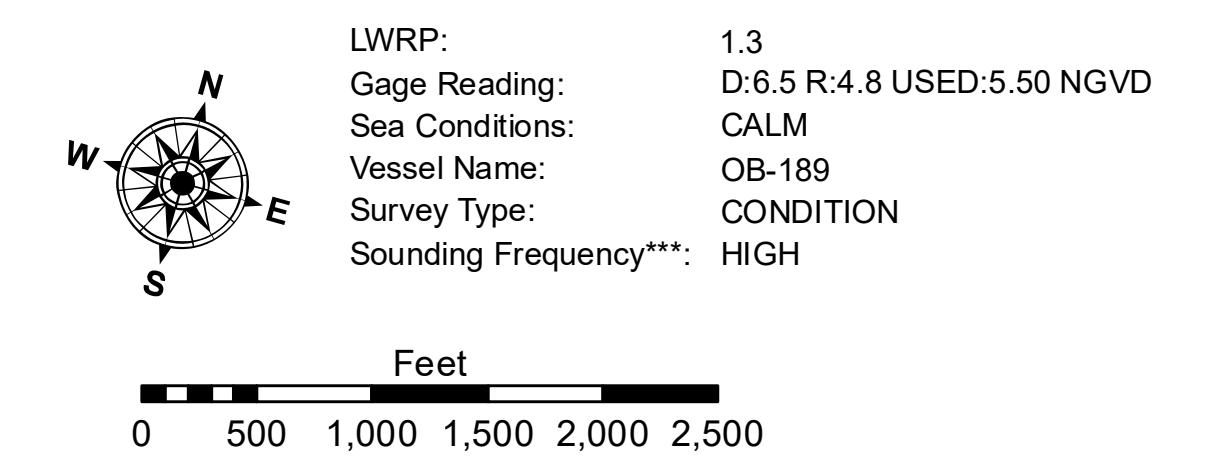

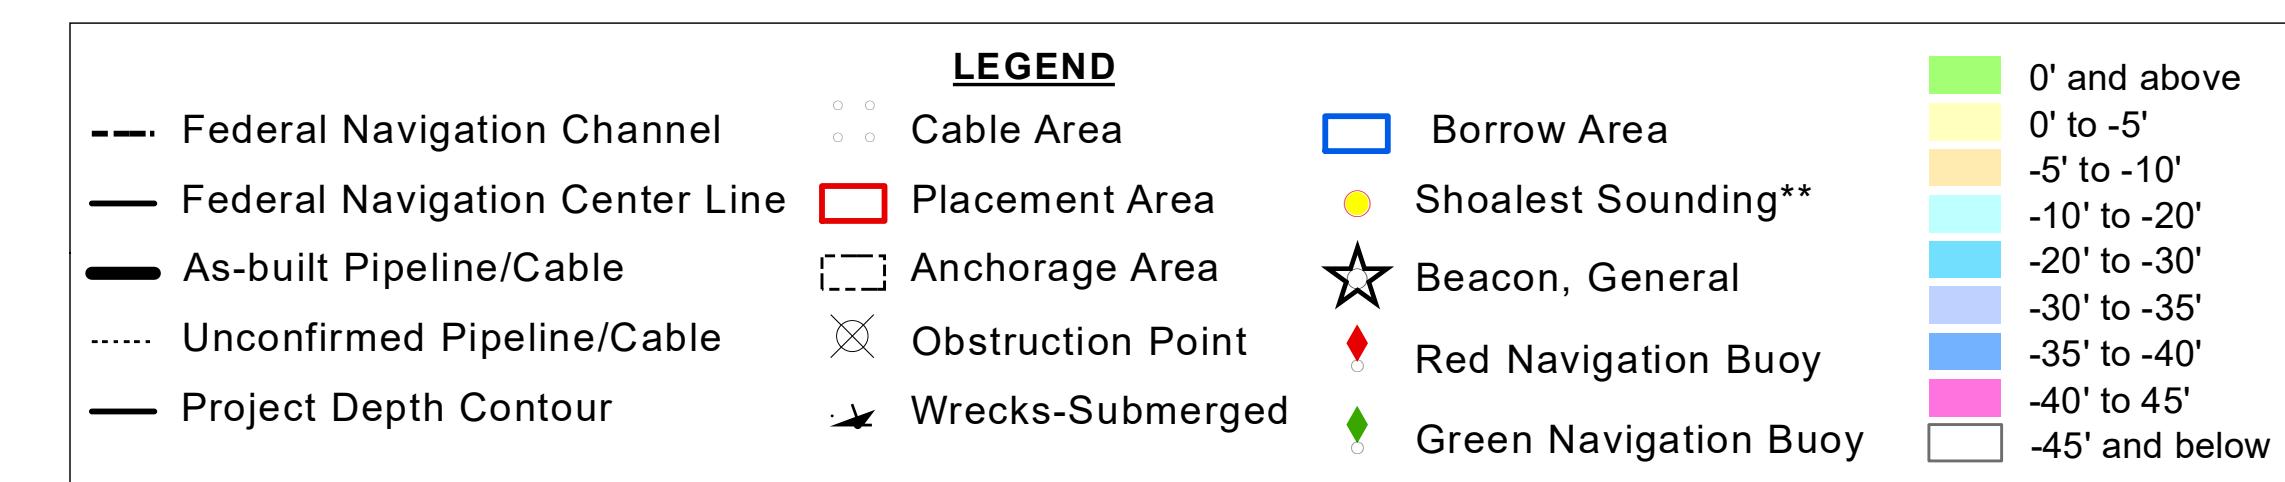

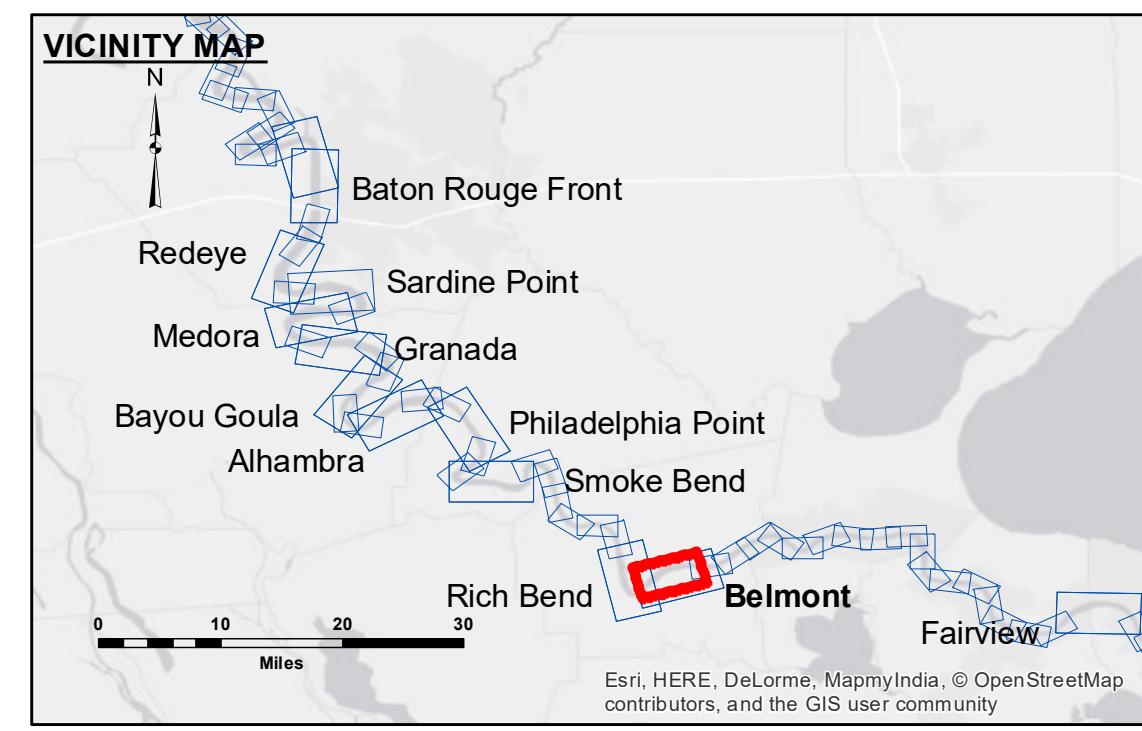

DISTRIBUTION STATEMENT A: This data represents the results of data collection processing by a specific US Army Corps of Engineers activity and relates to the general existing conditions. As such, it is not necessarily representative of the results of a survey specification. The user is responsible for the results of any application of the data for other than its intended purpose.

Data Constraints: Hydrographic survey data is subject to change rapidly due to several factors including but not limited to dredging activity and natural shoaling and scouring processes. The U.S. Army Corps of Engineers does not warrant the survey data or guarantee its accuracy. The user is responsible for the results of any application of the data for other than its intended purpose.

Data Use: The data is intended for U.S. Army Corps of Engineers internal use. Plaintiff statements should not be relied upon.
