

**DISTRIBUTION STATEMENT:** The data represents the results of data collection/processing for a specific US Army Corps of Engineers activity and indicates the general existing conditions as such. It is not to be distributed outside the US Army Corps of Engineers without the expressed written consent of the US Army Corps of Engineers. The user is responsible for the results of any use of the data for other than its intended purpose.

**Data Constraints:** Hydrographic survey data is subject to change due to several factors including but not limited to dredging activities and natural shoaling and scouring processes. The US Army Corps of Engineers does not guarantee the accuracy of the hydrographic conditions shown on this map. The data is intended for use in developing engineering designs and associated analyses. The user is responsible for determining the suitability of the data for their specific application. The user is responsible for the results of any use of the data for other than its intended purpose.
