

DISTRIBUTION STATEMENT A: This data represents the results of data collection processing of a specific US Army Corps of Engineers active and inoperable navigation channel. The data is provided "as is" without warranty or guarantee of fitness for a particular purpose. The United States shall not be liable for damages resulting from the use of the data or for any loss or damage incurred by any person in using the data. The user is responsible for the results of any application of the data for other than its intended purpose. Data Contains: Hydrographic survey data is subject to change rapidly due to several factors including but not limited to dredging and filling, shoaling and scouring processes, and changes in the hydrographic conditions which develop over time. The data is provided for internal use by the U.S. Army Corps of Engineers and is not to be distributed outside the U.S. Army Corps of Engineers without prior approval. The data is intended for U.S. Army Corps of Engineers personnel who have a need to know. The data is not to be transferred outside the U.S. Army Corps of Engineers without prior approval. The information depicted on this map represents the results of a survey conducted on the date indicated and can only be considered to represent the general condition existing at that time.
