

**DISTRIBUTION STATEMENT**: The data represents the results of data collection/processing for a specific US Army Corps of Engineers activity and indicates the general existing conditions as such. It is not to be distributed outside the US Army Corps of Engineers without the expressed written consent of the US Army Corps of Engineers. The user is responsible for the results of any application of the data for other than its intended purpose.

**Data Constraints**: Hydrographic survey data is subject to change rapidly due to several factors including but not limited to dredging activities and natural shoals and scouring processes. The US Army Corps of Engineers does not warrant the data to be used under any circumstances without consulting the US Army Corps of Engineers. The user is responsible for the results of any application of the data for other than its intended purpose.

**Disclaimer**: The information depicted on this map represents the results of a survey conducted on the date indicated and can only be considered accurate for the general condition existing at that time.
