

Distribution Notice: The data represents the results of data collection and processing for a specific U.S. Army Corps of Engineers activity and includes the general existing conditions. As such, the data is not necessarily current or accurate for specific applications. The user is responsible for the results of any use of the data. The user is responsible for the results of any application of the data for other than its intended purpose.

Data Constraints: Hydrographic data is subject to change due to several factors including but not limited to dredging activities and natural shoaling and scouring processes. The U.S. Army Corps of Engineers does not guarantee the accuracy of the hydrographic data. This data is intended for U.S. Army Corps of Engineers internal use. Product numbers should not be relied upon.
