Distribution Label: The data represents the results of data collection/processing for a specific US Army Corps of Engineers activity and indicates the general existing conditions. Such activities may include dredging, filling, or other engineering operations. The user is responsible for the results of any application of the data for other than its intended purpose.

Data Constraints: Hydrographic survey data is subject to change rapidly due to several factors including but not limited to dredging activity and natural shoaling and scouring processes. The U.S. Army Corps of Engineers does not guarantee the accuracy of the hydrographic conditions shown on this map. The data is intended for U.S. Army Corps of Engineers use only. All rights reserved. The data is not to be reproduced without the express written permission of the U.S. Army Corps of Engineers.
