DISTRIBUTION LIABILITY The data represents the results of data collection processing by a specific US Army Corps of Engineers activity and includes the general existing conditions as such. The United States Government makes no warranties, expressed or implied, concerning the accuracy of the data. The user is responsible for the results of any use of the data for other than its intended purpose.

DATA CONSIDERATIONS Hydrographic survey data is subject to change rapidly due to several factors including but not limited to dredging activity and natural shoaling and scouring processes. The U.S. Army Corps of Engineers and the data holder are not responsible for changes in hydrographic conditions which develop after the date of publication. This data is intended for U.S. Army Corps of Engineers internal use. Plaintiff claimants should not rely upon it.
