LWRP: 1.9  
 Gage Reading: BR 12.1:D:6.7 USED:9.6 NGVD  
 Sea Conditions: CHOPPY  
 Vessel Name: OB189  
 Survey Type: CONTROL  
 Sounding Frequency\*\*\*: HIGH

**NOTES:**  
 Horizontal Coordinate System:  
 North American Datum of 1983 (NAD83), projected to the State Plane  
 Coordinate System (SPCS), Louisiana South Zone. Distance units in U.S. Survey Feet.  
 Vertical Datum:  
 Soundings are shown in feet and indicate depths below Low Water Reference Plane 2007 (NGVD).  
 Distances on the Mississippi River, above and below Head of Passes are shown  
 at 1 mile intervals.  
 The location of navigation aids are base on and provided by the U.S. Coast Guard and USACE crew.  
 2010 Aerial Photography data source: NAIP, USDA-FSA-APFO Aerial Photography Field Office.  
 Reference is N.O.A. Navigation Chart No. 11370.  
 \*\* Shoalest Sounding per Quarter per Reach.  
 \*\*\* High frequency (200 kHz) survey data represents the first signal return at a sounding  
 location and will include suspended solids, known as "fluff", if present. Low frequency (20 kHz)  
 survey data normally penetrates through this "fluff" layer to depict elevations of consolidated bottom  
 material. Low frequency accuracies may vary depending on channel conditions and fathometer  
 settings.

**DISCLAIMER:**  
 The information depicted on this map represents the results of a  
 survey conducted by the U.S. Army Corps of Engineers. The user is responsible for the  
 accuracy, reliability, and suitability of the data for their intended use. The  
 information is provided for informational purposes only and is not intended  
 to be used for navigation or other critical applications. The user is  
 advised to consult the appropriate technical specifications and standards  
 for the data and to verify the accuracy of the data for their intended  
 use. The U.S. Army Corps of Engineers is not responsible for any errors  
 or omissions in the data or for any consequences arising from the  
 use of the data. The information is provided as is, without warranty  
 of any kind, express or implied. The user is advised to consult the  
 appropriate technical specifications and standards for the data and  
 to verify the accuracy of the data for their intended use. The U.S.  
 Army Corps of Engineers is not responsible for any errors or omissions  
 in the data or for any consequences arising from the use of the  
 data. The information is provided as is, without warranty of any  
 kind, express or implied. The user is advised to consult the  
 appropriate technical specifications and standards for the data and  
 to verify the accuracy of the data for their intended use. The U.S.  
 Army Corps of Engineers is not responsible for any errors or omissions  
 in the data or for any consequences arising from the use of the  
 data.
