
US Army Corps of Engineers
District: CEMVN

Distribution Liability: The data represents the results of data collection activities conducted by the U.S. Army Corps of Engineers activity and indicates the general existing conditions. As such, it is only valid for its intended use, content, time and accuracy of the application of the data for other than its intended purpose.

Data Constraints: Hydrographic survey data is subject to change due to environmental conditions and the dynamic nature of the sounding activity and natural shoaling and scouring processes. The U. S. Army Corps of Engineers accepts no responsibility for changes in the condition of the area subsequent to the date/time of this publication. This data is intended for U. S. Army Corps of Engineers' internal use. Private or commercial use of this data is strictly prohibited.

DISCLAIMER:
Access Constraints: The United States Government furnishes these data and information on an "as is" basis. The user's use of the data, information, or products is at the user's sole risk. Except as expressly stated, no warranties are given with respect to the data, information and the data furnished. The United States shall be under no liability whatsoever to any person by reason of any use made thereof, and no warranty, expressed or implied, is given concerning the accuracy, completeness, suitability, or fitness for a particular purpose of the
