

US Army Corps
of Engineers
District: CEMVN

Distribution Liability: The data represents the results of data collection/processing for a specific US Army Corps of Engineers activity and includes the general existing condition. As such, the user is responsible for the results of any application of any portion of the data to other than its intended purpose.
Data Constraints: Hydrographic survey data is subject to change rapidly due to several factors including but not limited to dredging, Army Corps of Engineers actions, or changes in the hydrographic conditions which develop after the date of publication. This data is intended for use by the Army Corps of Engineers and other Federal, State, and local agencies. The data is not to be used for any other purpose without the express written consent of the Army Corps of Engineers.
